ReVive™ 2cc

Superlative // Sustainable

ReVive™ 2cc is a dispenser made from 100% polyolefin with no metal springs, to vastly improve recycling stream compatibility for PET and HDPE bottles, without impacting product performance for consumers. Utilizing Silgan Dispensing's LifeCycle™ Technology, ReVive™ 2cc is both APR and E-Commerce certifi ed, with an "A+" RecyClass rating. Featuring easy head and closure customization to retain brand uniqueness, ReVive™ 2cc offers two variations of spring solutions. With our Low Viscosity (LV) and High Viscosity (HV) spring selections, compatibility with a variety of product formulations and viscosities make ReVive™ 2cc the ideal choice for lotions, liquid soaps, creams and gels.
